BL BLOOD DONATION CAMP

Friday, October 20th | 02:30PM To 07 PM

VENUE : AIMT, Common Room-Boys Hostel

Supported By : राष्ट्रीय चैरिटेबल ब्लड सेन्टर, नोएडा

Blood Donation Camp on 20th Oct, 2023

Venue: Army Institute of Management and Technology, Greater Noida

Date: October 20, 2023

Time: 3:00 PM - 6:30 PM

On October 20, 2023, an IQAC initiative a blood donation camp was organized by Braveheart (ISR Club) of Army Institute of Management and Technology, Greater Noida, in collaboration with Red Cross Society and supported by Rastriya Charitable Blood Camp. The camp aimed to contribute to the noble cause of saving lives by collecting voluntary blood donations from students, faculty, and staff members.

The blood donation camp commenced at 3:00 PM and continued until 4:30 PM. The venue was the common room of the boy's hostel, which is located within the institute premises, it was well-equipped with medical facilities and staff to ensure a smooth and safe donation process.

The response from the institute community was overwhelming. Students, faculty, and staff actively participated, demonstrating a strong sense of social responsibility. The event witnessed a diverse group of donors, including our registrar sir, faculty members, staff and students of our college.

The camp collaborated with a team of experienced medical professionals who ensured that the donation process followed strict health and safety protocols. The medical staff provided valuable information to the donors, addressing any concerns and ensuring a comfortable experience. Among them, many were first time donors and some were regular contributors.

The donation process was systematic, with donors undergoing a brief medical check-up by the doctors to assess their eligibility. Donors were asked to fill a consent form before donating their blood. Post-assessment, willing donors proceeded to the donation area, where trained phlebotomists collected the blood. Refreshments and a resting area were provided to donors after their contribution.

The collective effort and altruism displayed by the institute's community underscored the importance of such initiatives in contributing to the well-being of society. The event not only saved lives but also fostered a culture of compassion and humanitarianism within the institute.

This report serves as a testament to the institute's commitment to social responsibility and the well-being of the broader community.

No. of Donors: 32
