**From The Editor's Desk-
AIMT Vision an Integrated Platform**

Dr. Sanjeev Tandon

Welcome to this edition of our News Letter. Right from the start we have ensured optimism as our minimum goal. We are happy about our reach and wish to reach even wider. We at AIMT work with a feeling that life is perpetually creative to reach the wider goals.

Today AIMT has many dedicated individuals and groups who are working silently but tirelessly to give shape to this institution. We are churning out cream in form of our students and enabling them to face the challenging world. The focus is to commit ourselves together without losing individual identity and work towards our common mission. The message we would like to carry forward is everyone has a role to play, however different it may be. Every action counts!!

I owe my heartfelt gratitude to the Director and the Registrar who have motivated the editorial team to accomplish the task in an innovative way. I sincerely acknowledge the fact that AIMT Newsletter is proving to be a strong instrument for the dissemination of information amongst all concerned.

We invite all our readers to "DREAM BIG" and succeed in their missions!

Best wishes,

Dr. Sanjeev Tandon
Faculty Editor
