## OBJECTIVES

- To be responsible for the environment.
- To participate actively in community life.
- To give back to the society we come from.
- To maintain institute's infrastructure.
- To ensure health and safety standards.

## PROJECTS

- Facilitating education for the less privileged.
- Women cell.
- Blood donation camp.
- Donation
  - Books
  - Clothes.
- Green campus
  - Ensuring proper lighting in the campus.
  - Providing clean drinking water.
- Proper waste disposal.

The club also organized a skit play on the topics:

- Conservation of electricity and water in the institute premises.
- Spreading awareness about chikungunya and dengue.

The audience interacted and participated with full enthusiasm thus making the event a huge success.

We look forward for more contribution and inputs and take the club to greater heights.
